2024/25 After School Activities

# AFTER SCHOOL ACTIVITIES

Ogni anno l'International School of Rimini, offre la possibilità a bambini e ragazzi di partecipare a dei corsi afterschool organizzati divisi per età. I corsi sono tenuti da esperti di vari settori, come lo sport, il design, l'ambito scientifico e la musica. I corsi sono aperti sia agli studenti dell' International School of Rimini, che agli esterni.

*Every year International School of Rimini offers children and teenagers the opportunity to participate in organized afterschool courses divided by age. The courses are taught by experts from various sectors, such as sport, design, science and music. The courses are open to both International School of Rimini students and external students.*

# BASKETBALL

3 - 6 YEARS OLD

MONDAY H. 15:30 - 16:30

An introductory basketball course, where children will have the opportunity to learn the basics of this incredible sport while having fun. Sharing time through a team sport improves learning attitudes and socialization with other learners.

with **Mr Davide Vecchiatti**

ISR PYP and MYP Teacher

*"I have always been passionate about all team games. I have played basketball since I was 6 years old, I also had the honor of being an assistant coach in several teams in Bologna before moving to Rimini, where I continue with pleasure this after school activity right in our school.*

*Basketball has taught me so many important values that I try to pass on in school as well, such as solidarity, loyalty and respect for people and the rules of the game."*

# CODING

7 - 12 YEARS OLD

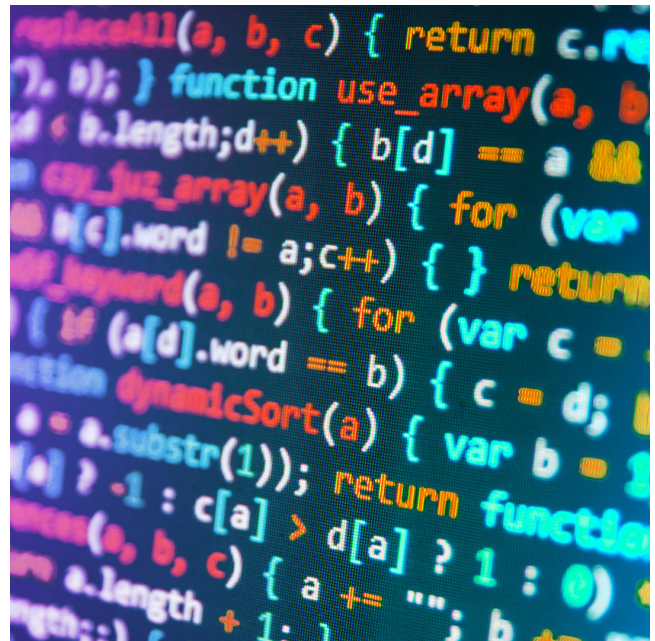

TUESDAY H. 15:30 - 16:30

This course empowers learners with essential digital skills, introducing them to coding, multimedia creation, and safe online practices. Through hands-on projects, students will explore programming fundamentals, digital creativity, and how to responsibly engage with technology. The program fosters problem-solving, critical thinking, and collaboration in the digital age.

with **Ms Rachele Sereni**

*"I'm Rachele Sereni, a Master's graduate in Elementary Education with experience working in international schools in Germany. I'm passionate about teaching coding and introducing young learners to the world of computer science. With a student-centered and game-centered approach, we will use Scratch to foster collaborative learning through peer tutoring, helping learners develop technical skills, critical thinking, and foundational computer science concepts. The final project for our club is to create our own game, applying everything we've learned in a fun and creative way!"*

# BALLET

3 - 7 YEARS OLD

WEDNESDAY H. 15:30 - 16:30

This introductory ballet course focuses on developing grace, coordination, and discipline through classical ballet techniques. Students will learn fundamental movements and positions while building strength, flexibility, and poise. The program encourages self-expression, creativity, and a love for dance in a supportive environment.

with **Ms Yuki Imaizumi**

*"I believe ballet education can help your students to live their school life happily, and I am pretty sure that they will find out their new abilities which will be useful for their life."*

Originally from Hiroshima.  
Former ballerina for Teatro Alla Scala, Vicenza Ballet, Connecticut Ballet (USA).
